Announcement for Caltrans Reference Sample Program (RSP)

In November 2005, fine aggregate samples and instructions for testing of three California Test Methods will be distributed. In order to participate, you must have a completed Reference Sample Program Questionnaire on file and remit a check for \$250.00 by October 7, 2005. **There absolutely will be no extensions allowed.**

Checks should be made payable to Department of Transportation. Please make sure there is an accompanying note that specifies the lab name, address and CT ID#.

Send checks to: Bonnie Leedy
California Department of Transportation
Materials Engineering and Testing Services
5900 Folsom Boulevard, Room 243A
Sacramento, CA 95819

Evaluations will follow the RSP procedures described in the revised Independent Assurance Program Manual. You should receive results in approximately three (3) weeks after the return deadline.

If you have any questions, please email them to Caltrans.reference.sample.program@dot.ca.gov or call Bonnie Leedy at (916) 227-1993. For technical questions contact Liza Valencia, METS Independent Assurance representative at (916) 227-0384.

Thank you for participating in the Reference Sample Program.

Sincerely,

HAMID MOUSSAVI, Senior Transportation Engineer
